WORK EXPERIENCE

INTENTIONAL

Software Engineer (Front End)

November 2021 – May 2023 | Atlanta, GA (Remote)

- Team A: Led a 4-month long project to upgrade local UI dependencies, adding new features and resolving bugs using React, Emotion CSS and JavaScript.
- Team B: Led, Planned, Architected, and Developed a new project from scratch, collaborating with backend, design, and managers teams using React, SCSS, and Typescript for the Frontend.
- Demonstrated strong frontend development skills through project leadership and development in both A and B teams.
- Utilizing cutting-edge front-end technologies like HTML5, CSS3, and JavaScript frameworks, we developed and deployed responsive and user-friendly web interfaces that improved user experience and boosted website speed.
- Ensured seamless integration of front-end elements with back-end systems by working closely with cross-functional teams, including designers and back-end developers, to transform wireframes and mockups into fully functional and aesthetically pleasing websites.

MINORITY PROGRAMMERS' ASSOCIATION (MPA)

Front End Engineer (Contract)

April 2021 – August 2021 | Washington D.C. (Remote)

- Actively developed and enhanced user interfaces for web applications as a Front End Engineer, utilizing React, Tailwind CSS, and Next.js to deliver captivating and responsive digital experiences.
- Collaborated across remote teams to integrate design mockups into functional code, showcasing a keen eye for detail and a deep understanding of front-end technologies to ensure seamless user interactions and a polished final product.

ALPHA GYMNASTICS

Office Manager / Website Content Manager

November 2018 – November 2021 | Woodinville, WA

- Using HTML, CSS, and JavaScript in order to build and publish content on the website
- Monitoring, assessing, and reporting on website performance.
- Providing administrative support, including scheduling group meetings, maintaining calendars, doing research, and creating reports.

BALMORAL LTD

Machine Engineer / Technician

November 2015 – May 2018 | Belfast, UK

- Performed periodic checks on equipment and solve problems as detected.
- Worked in a team in order to ensure that equipment is in proper working order.
